16 September 2011

Dear Parent/Carer,

Sex and Relationships Education (S.R.E.) is an important part of our Personal Social and Health Education (PSHE) programme at Chew Valley School. We believe that parents and carers have an important role to play in supporting the work we do in class. However, we are aware that not all of our students come home from school and share with you what they have been learning about. So, as part of our commitment to continual improvement in our PSHE programme, we would like to invite you to come to an information evening to find out about our syllabus and teaching methods.

The event will take place in the library between 6.30 and 7.30pm on the evening of 29th September 2011. The event will be led by Louise Pope (Head of Personal, Social, Health and Religious Education) supported by Aimee Hilton, our new school nurse. It will give you an overview of the SRE syllabus across the school as well as an opportunity to discuss any questions you may have about SRE and the chance to see some of the teaching resources used across the school.

We hope that many of you will take this opportunity to find out more about this important element of your child's education.

Yours sincerely,

Louise Pope
Head of Personal, Social, Health and Religious Education
