Work out how much time you have and how long you can spend on each subject.
- **3 STUDY SPACE**
Find a quiet spot away from distractions and keep everything all in one place.
- **4 MIX IT UP**
Use a mixture of revisions techniques for best results.
- **5 TAKE BREAKS**
It is possible to work too hard, make sure you take regular breaks.
- **6 GET TOGETHER**
Meet with friends to chat through what you have learnt.
- **7 USE PAST PAPERS**
These are a great way to get used to exam format and testing what you have learnt.
- **8 EAT HEALTHY**
Certain foods boost your brainpower and will help you remember more.
