# FAQS

## **Can I book a seat in advance?**

Yes, and we recommend you do this to be sure of a space. You can book one week ahead.

## **How do I become a member?**

Fill out the free membership form at <https://forms.gle/jYiqjjv2gX5ngLey7>

You will then be sent a link and instructions for booking your ride. The booking form will give you the option to request a wheelchair space.

## **Can I book several rides at once?**

You can request a week's worth of rides at once, to help you plan for the next week. Bookings will only be confirmed a maximum of a week in advance and processed between between 9am and 4pm Monday-Friday. Seat bookings are confirmed by email confirmation.

## **How do I prove I have booked a ride?**

Show the driver your email (printed off or on your phone) and they will be able to check this against the booking list and be aware of any spare seats for those who didn't book. Pre-booked riders will be seated first.

## **Can I just book a bus one way or do I have to book a return?**

The booking form allows you to just book the journeys you need, so if you want to travel into Bristol and won't be returning on the same day, then just book a trip to Bristol one day and then book return on a later day.

## **Do I have to become a member to use the bus?**

Becoming a member gives you the option to book in advance, but if you would like to just hop on the bus on a given day you can do this if space is available.

# Getting to the bus stops

Due to highest demand, Bishop Sutton, Chew Stoke and Chew Magna are the bus stops for this commuter route.

## Why not walk, wheel, cycle or e-cycle to the bus stop?

To find out more about schemes to support cycling and e-cycling email [chew.valley.sprint@gmail.com](mailto:chew.valley.sprint@gmail.com).

You might also like to see if your employer is part of the Cycle to Work scheme, a salary sacrifice scheme which can help you buy a bike or e-bike: [www.gov.uk/expenses-and-benefits-bikes-for-employees](http://www.gov.uk/expenses-and-benefits-bikes-for-employees)

Each of the destination drop offs in Bristol is close to areas where you can hire a scooter, bike or cargo bike for your onward journey.

[travelwest.info/e-scooter-e-bike-hire](http://travelwest.info/e-scooter-e-bike-hire)

## Active travel options don't suit everyone so why not order a WESTlink to connect you to the route?

You can book on the app or phone up to one day ahead.

[travelwest.info/westlink](http://travelwest.info/westlink)

## Why would I travel by bus when I have a car?

Choosing this routine bus commute will reduce your carbon footprint, link you into your community and allow time for you to work whilst you commute. Building in exercise to your commute time will help your physical health, and bus lanes mean that you may even get there quicker. By removing the cost of car parking you may make significant savings. Choosing public transport will reduce congestion and air pollution on the road.

The overall management of the service is held by the Chew Valley CIC Sustainable Transport Partnership, a collaboration between Chew Valley CIC, Chew Valley Sustainable Transport Group and Transpora Group. Transpora is the bus operator delivering the day to day service.

# X91 Chew Valley Sprint

## WEST local bus service

Designed by local people for local people

The Chew Valley Sprint provides a once a day return service from the Chew Valley to Bristol. The bus has 29 seats and 11 standing seats. It is fully accessible with space for a wheelchair.

It costs £2 per journey, so £4 for a return journey. Payment (cash or card) is taken on the bus, and concessionary cards are accepted.

Members can book in advance at [forms.gle/NWPTUjkXWEwab6NB8](https://forms.gle/NWPTUjkXWEwab6NB8)  
For more details please see inside.

If you need assistance, please contact Transpora  
0208 191 1437 (Mon-Fri 9-4)
