

Weekend Work Taster Sessions

We are now able to offer work taster sessions to individuals aged between 15-19 years old, who have additional learning needs.

Perfect for those who are in full-time education and keen to prepare for their transition to the world of work and adult support.

We are offering the opportunity to spend time in a real community work setting, with our staff team, learning new practical skills and interacting with our customers.

We can tailor make these opportunities to support the needs of the individual involved and the outcomes they wish to achieve.

Please email strawberrylineprojects@gmail.com or call 07983816426 to find out more.
