8 October 2021

Dear Parents/Carers

As you may already know, we are planting 105 trees on the school site next term and we would love for all the members of the Climate Action Team (including your child) to be involved with this. On Sunday 31<sup>st</sup> October, we are holding a preparation day to get the area ready for the trees, which will mostly involve digging holes for the trees to be planted in.

The event will start at 10.15am and last for a few hours. Members of staff will be present and supervising throughout the day. You and the rest of your family are very welcome to accompany your child to the event and help us out – any extra help is greatly appreciated.

Please confirm by Friday 15<sup>th</sup> October whether you give permission for your child to attend the event by clicking this [link](#), as well as whether you (or other family members) expect to attend too. In addition, we would like to publicise this event in the school newsletter and local newspapers so please indicate whether we have permission to photograph your child/family.

If you are able to attend the event on Sunday 31<sup>st</sup> October please bring a spade or trowel if you have one – but if you don't we would still love to have you. Halloween themed cakes will be provided!

Many thanks,

Jenny Heath (Climate Action Team Assistant)
